

LINGNAN
UNIVERSITY

BACHELOR OF SCIENCE IN DATA SCIENCE

DEPARTMENT OF
COMPUTING AND DECISION SCIENCES

Liberal Arts Education

Liberal arts education at Lingnan University aims to instil a sense of civic duty in our students and to cultivate skills, competences and sensibilities that enable graduates to pursue their goals in a rapidly changing social, cultural and economic environment. Lingnan graduates will have breadth and depth of vision, the desire and capacity for public service, an awareness of the complexities that characterise enduring human dilemmas, and, accordingly, maturity of judgement.

Wide spectrum of courses

Unlike other Data Science programmes, it emphasises a balanced coverage of subjects in computer science, statistics and mathematics and artificial intelligence resting on a liberal arts foundation. It also focuses on applications in different fields in science, social science, arts and business.
